

# ***Jubilee 2019 Schedule of Events***

There many events your ACDs can enter that they can do each and every day from Dock Diving to Rally to Obedience and so much more see premium list for closing dates as many of these require pre-registration, some can be entered day of event but those vary by event type please check premium list for more details. We recommend you pre-register for everything you can.

For help with conformation entires you can call the Superintendent of the show Onofrio at : (405) 427-8181

If you need further assistance please contact us by email ([info@acdcu.org](mailto:info@acdcu.org) or facebook message) we will be glad to assist where we can.

\*The ACDCU is providing special awards (Buckles / Trophies ) toward highest scoring ACD in the various performance events including :

Rally, Barn Hunt, Dock Diving, Agility

These are High Combined scoring awards so if your dog accumulates more points than any other ACD in that Event over the entire 5 days you win, so enter as many days as you can to try to build your points. Entering all 5 days is not a requirement.

Premium list is here:

<http://www.onofrio.com/plist/tink1pl.pdf>

The ACDCU Raffle will be running everyday for you to buy tickets on cool stuff, support your club and win some great items. Located at the ACDCU Booth.

Note: If you are camping on site Full hook up (sewer included) are in the west lot, the other lot has only water and electricity. Be aware none of these lots are close so Golf carts or car is likely a must to and from events/rings, again please check premium list and go to [www.OKSUMMERCANINEOLYMPICS.COM](http://www.OKSUMMERCANINEOLYMPICS.COM) BOOK TODAY !!

# **GENETICS SEMINAR**

**with Dr. Christina Ramirez**

Sponsored by The Australian Cattle Dog Club United, Paw Print Genetics will be hosting a Genetics Seminar Friday the 28th. Come join us to receive valuable genetic information for breeders and dog owners of all breeds.

## **Christina Ramirez, PhD, DVM, DACVP**

Dr. Christina J. Ramirez currently serves as the Medical Director for Paw Print Genetics. Dr. Ramirez has a strong passion for canine genetic health and combines her genetics, veterinary, and pathology backgrounds to further understand and prevent inherited disease in dogs

## **GREAT DOGS START WITH GREAT GENETICS™**

Understanding your dogs genetics and risks for inherited diseases allows confidence and peace of mind for breeders and dog owners.

This seminar will focus on pertinent genetic topics that affect many dogs today.

**Friday, June 28th**  
**Location and time to be determined**

## **SUNDAY September 16 :**

\*Watch ACD's in conformation show, time and ring TBA

\*Announcements of winners and Trophy presentations for High in trial events and High Combined. This will take place after the last ACD participates in each event, location at the ACDCU Booth.

\*Raffle drawings , time to be announced

***Raffle tickets at ACDCU Table available each day and until 11am Sunday***

**You and your pups have a safe trip home and we will see you again soon !**
